

CLASS – XII
SUBJECT :GEOGRAPHY
MONTH : SEPTEMBER

QUES NO	TYPE OF QUESTION (REASONING / MCQ / MATRIX / GRID /Assertion & reason/ OTHER types)	QUESTION	OPTION PROVIDED	CORRECT OPTION	EXPLANATION With reference/NCERT P. No.	% OF STUDENTS ATTEMPTED CORRECTLY
01	MCQ	What one of the following is the main reason due to which share of forest has shown an increase in the last forty years?	A) Extensive and efficient efforts of afforestation B) Increase in community forest land C) Increase in notified area allocated for forest growth D) Better peoples' participation in managing forest area.	C) Increase in notified area allocated for forest growth	Government policies have expanded and demarcated the area officially designated for forests, contributing to the recorded increase. (page no. 21, Indian geo.)	
02	Assertion	Assertion: (A) To increase agricultural production intensive agricultural district programme was launched. Reason: (B) Agricultural production stagnated during late-1950.	(a) Both A and R are true and R is the correct explanation of A (b) Both A and R are true but R is not the correct explanation of A (c) A is true but R is false (d) A is false but R is true	(b) Both A and R are true but R is not the correct explanation of A	The programme was indeed launched to boost output, but it wasn't solely because of stagnation in the 1950s. (page no. 34, Indian geo)	
03	MCQ	Which of the following is not the land use pattern?	A) Fallow land B) Net Sown Area C) Marginal land D) Culturable Wasteland	C) Marginal land	Marginal land refers to land with low agricultural productivity, not a specific land-use category. (page no. 21-22, Indian geo)	
04	Assertion	Assertion: (A) Tertiary activities include both production and exchange. Reason: (B) The production involves the provision of services that are consumed.	(a) Both A and R are true and R is the correct explanation of A (b) Both A and R are true but R is not the correct explanation of A	-(a) Both A and R are true and R is the correct explanation of A	Tertiary activities produce intangible goods (services), which are directly consumed. (page no. 44, human geo)	

			(c) A is true but R is false (d) A is false but R is true			
05	MCQ	"Gold collar" professions are comes under	A) Secondary activities B) Quaternary activities C) Quinary activities D) Primary activities	C) Quinary activities	Gold collar workers are top professionals in decision-making roles, part of the quinary sector. (page no. 44, human geo)	
06	MCQ	Which one of the following activities is NOT a secondary sector activity?	A) Iron Smelting B) Catching fish C) Making garments D) Basket Weaving	Catching fish	Catching fish is a primary activity as it involves extracting natural resources directly. (page no. 40-42, human geo)	
07	OTHER TYPE	Jobs that involve high degrees and level of innovations are known as:	A) Secondary activities B) Quaternary activities C) Quinary activities D) Primary activities	B) Quaternary activities	Quaternary activities include research, IT, and innovation-driven roles. (page no. 51, human geo)	
08	OTHER TYPE	. Modern manufacturing is distinguished by-	1. Complex technology 2. Division of labour 3.Specialisation 4. Small capital investment Codes- A)1 and 2 B)2,3 and 4 C)1, 2 and 3 D)1,3 and 4	C)1, 2 and 3	Modern manufacturing involves high technology, task specialization, and division of labour and huge capital investment but not necessarily low capital investment. (page no. 40, human geo)	
09	Assertion	Assertion- Irrigation is needed in India because of Spatio-temporal variability of rainfall in the country. Reason- Agriculture accounts 92 percent of groundwater utilization in India.	(a) Both A and R, are true and R is the correct explanation of A (b) Both A and R, are true but R is not the correct explanation of A (c) A is true but R is false (d) A is false but R is true	(b) Both A and R are, true but R is not the correct explanation of A	While both are correct statements, the groundwater usage figure doesn't explain the need for irrigation due to rainfall variability. (page no. 42, Indian geo)	
10	OTHER TYPE	Which of the following are the main objectives of the jal kranti abhiyan.	1. Water conservation and artificial recharge 2. Creating mass awareness 3. Reducing groundwater pollution Code- A) 1 and 2 B) 1,2 and 3 C) 2 and 3 D) 1 and 3	B) 1,2 and 3	All three are key components aimed for water conservation and water security and public participation under the initiative. (page no. 51, Indian geo)
