D.O. No. 17-51/2024-Coord

Dated 23rd September, 2024

Respected Mam/Sir,

This is to inform you that the Ministry of New and Renewable Energy is organising an All-India Intra-School Painting Competition - SOLART for the school students across the country under the PM-Surya Ghar: Muft Bijli Yojana. The Theme of the competition is "Solar Energy Powering a Sustainable Future". To ensure maximum participation, the deadline has been extended till 14th November, 2024.

2. The objective behind SOLART is to instill the benefits of solar energy among the students while fostering creativity and artistic expression among them. The idea is to make them clean environment crusaders from a very early age, in their own households to begin with and also in their immediate neighbourhood.

3. The details of the competition are available at the specific microsite developed for this purpose which can be accessed through the link – <https://solart-web.web.app>. Schools can conduct the competition internally for students in classes 3rd to 8th, with the best paintings scanned and uploaded to the microsite. The competition is to be held under two categories 3rd to 5th and 5th to 8th. 3 students from each category will be selected by the school, the selective student's entry will be uploaded through this site. Only uploaded entries will be considered for the final competition. Further, a lucky draw shall be conducted among all the uploaded paintings on the microsite, wherein 3 students from each group will be felicitated at an appropriate event.

4. I would be grateful, if you could give directions to all schools under your jurisdiction to organize SOLART competition as per the guidelines given at the above links.

Yours sincerely,

Sd/-

(Dr. Amarpreet Duggal)

Additional Chief Secretary/Principal Secretary/ Secretary, School Education: All States and UTs
